

Rosehan

N A T U R E L

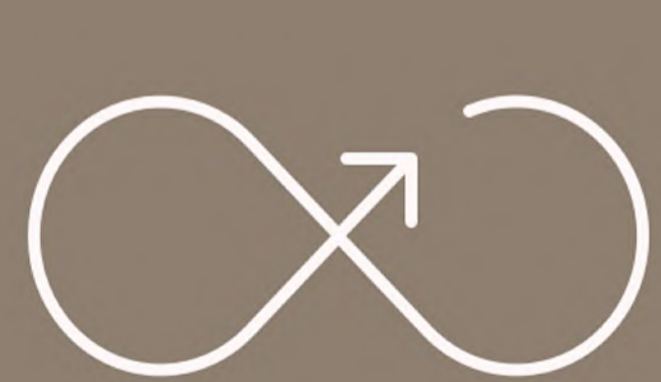

Fruit Itself

Who is Rosehan Naturel?

Naturel is vertically integrated company that provides customer oriented solutions and premium quality organic fruit and vegetable products globally since 1998.

1998

Our Precedences:

Sustainability

Flexibility

Traceability

Cost Effective

★ 17% of farmers and 41% of workers in Elite Naturel® are woman.

Full Sustainable Business Model

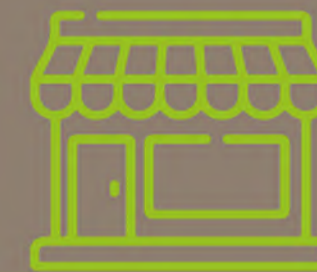

1. Clean Environment

2. Fair Trade

3. In-House Manufacturing

Elite Naturel® owns 766,000 ha of organic land.

1

Importance of organic farming:

Organic is a system of farming and food production. Organic farmers aim to produce high-quality food, using methods that benefit our whole food system, from people to planet, plant health to animal welfare. As Rosehan Naturel, we embrace organic agriculture and continue to increase our plantations.

7.5 billion m2 Our Organic Farms

It is

151 MANHATTANS

★ Among all the farming lands in the world, only **5%** is being used for organic farming. The time taken to establish an organic farm is **5 Years**.

Making better choices for the planet

SOIL HEALTH

At Elite Naturel® lands, we embrace organic farming methods for a sustainable agriculture.

REDUCING FOOD WASTE

The organic by products of our raw material are used back in our organic lands as compost.

MORE GLASS

Glass bottles are made from natural resources and require less energy to be produced and recycled.

50-60% SOLAR ENERGY

Our factory is powered by the solar panels built on the rooftop of our factory. We aim to reach carbon neutrel production.

1

2

Fair trade means, happy farmers

Be part of the change

Fairtrade changes the way trade works through better prices, decent working conditions and a fairer deal for farmers and workers in developing countries. Fairtrade supports and challenges businesses and governments and connects farmers and workers with the people who buy their products. By choosing Fairtrade, people can create change through their everyday actions. A product with the FAIRTRADE Mark means producers and businesses have met internationally agreed standards which have been independently certified.

Giving Back

With a part of our incomes, we provide organic seeds to our contracted farmers, contribute to education in settlements close to orchard areas, and return organic fruit pulps to farmers as fertilizer.

R&D Center

Tailor-Made | Flexible

Our Kitchen is Your Kitchen

In order to create healthy and tasty beverages and food products, rosehan naturel puts great emphasis on advanced, high-qualified research & development methods, as well as professional teams. Rosehan Naturel's experienced professionals include a wide range of multi-disciplinary experts: food engineers, flavor experts, food technologists, analytical chemists, laboratory technicians and trained tasters.

Traceability

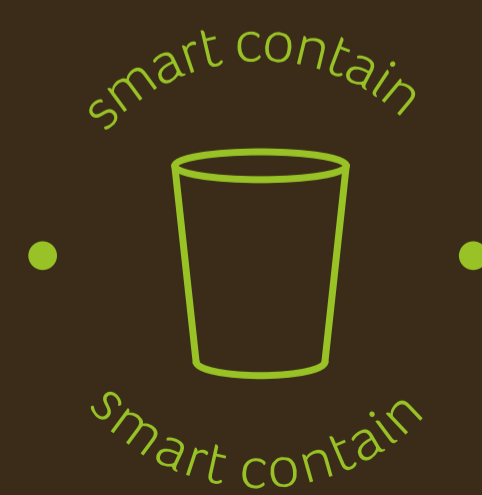

Rosehan Naturel is committed to ensure the highest quality management standards throughout the entire value chain, from plantation, harvest, purchase to production, storage and delivery. To do so, Rosehan Naturel conducts supplier audits, performs self-audits and complies with international standards of food product quality and safety. Rosehan Naturel's quality management policy's goal is to ensure its products safety, environmental protection, occupational and transportation safety.
