## **Dried Fruits** Nimeks Headquarter Facility

### **Dried Figs**

Our nutritious figs are from the Aegean region of the Turkey. Known as “Smyrna” figs, this variety is only grown in city Aydin which makes our delicious figs special. Dried figs processed and graded to meet the highest quality standards. Our figs are carefully shaped and packed by our experienced staff to give them the most appealing look. Shaped and Packed as; Lerida, Pulled, Protoben, Garland, Baglama. Available as; Whole, Diced and Paste.

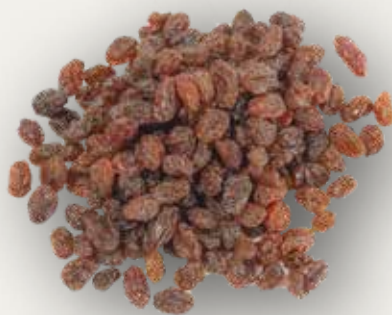

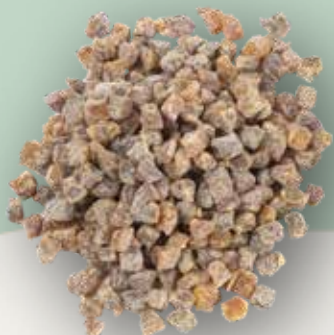

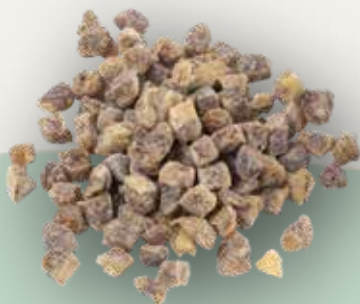

### **Dried Apricots**

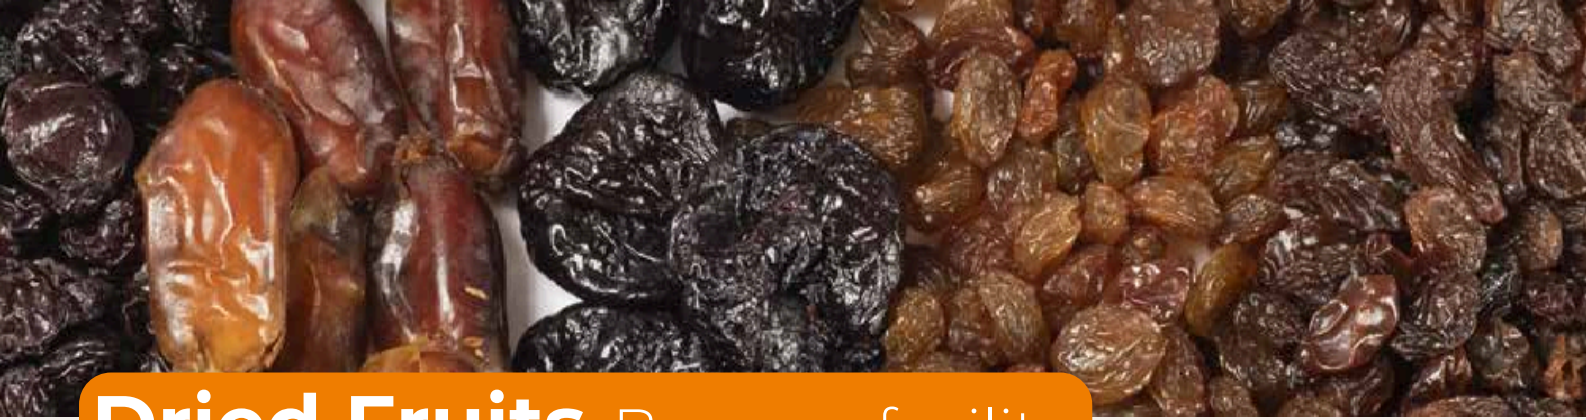

Dried Apricot journey starts in the world’s leading apricot growing city Malatya which realizes 65% of the world’s Dried Apricot production. Carefully selected fresh apricots are sun-dried, calibrated and specially processed in our factories. Available as; Whole, Diced and Paste.

### **Raisins**

Our delicious raisins grow in the lush yards of the Northern Aegean region of Turkey. We specially process our raisins; double washed and laser scanned. Sultanas Raisins have colour from lightest No.10 to darkest No.8. No.9 is a mix of light and dark colours.

Also, Undipped Sultanas, referred as “Thompson Raisins” are available.

## **Dried Fruits** Başaran facility

The Project areas are, Uzbekistan and Iran. Total Project area is 17559 m<sup>2</sup> with 43 farmers. Basaran Factory has state of art machinery such as; Sieves, Aspirators, Laser sorter, X-ray sorter, selection band, metal detector and dicing machines.

Başaran has BRC, Kosher, Halal, Sedex, ISO9001, 22000 and Organic certificates.

# Hazelnuts Balsan facility

Our delicious hazelnuts grow in the lush fields of the Black Sea region. Our country is the leading hazelnut producer in the world, producing 67% of the world's hazelnuts. Our hazelnuts are processed in our factory BALSAN, in city Sakarya.

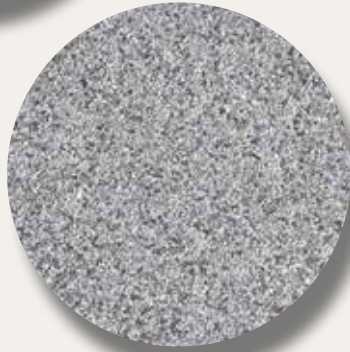

Balsan is fully integrated hazelnut processing factory with state-of-the-art equipment. Daily production capacity is 40 tons and the total area of the factory is 33.000m<sup>2</sup>. Available in all forms; Raw, Roasted, Blanched, Diced, Sliced, Meal and Paste.

# Pulses

We obtain the best pulses grown in the vast plateaus of Anatolia, mainly from Southeast of Turkey. In our plant, Turkey's best pulses meet the highest standards of quality assurance from processing to delivery. Packing alternatives can vary from 500g bags to 25 kg paper bags and up to 1 Tone Tote bags. Pulses are indispensable food substances thanks to the high amounts of protein and nutritional values they contain.

# Organic Farming

Rosehan produces raw materials not only on its own land, but also on more than 1500 contracted organic project areas with more than 750 contracted farmers.

Cultivation Plan, high standard of Field Management and the presence of the independent Inspection and Certification of our Control Body, guarantee an organic product is cultivated with care and processed organically.

To ensure organic integrity, our agricultural engineers monitor and provide consultancy to contracted farmers. Rosehan is firmly committed to ensuring tracability from field to fork.

All of our products are certified according to the following regulations:
