## MAY 25 WORLD TOWEL DAY

It is celebrated on 25 May every year since 2001 to commemorate the British writer Douglas Adams

In the hit sci-fi series The Hitchhiker's Guide To The Galaxy, Douglas Adams explains that the most useful thing an interstellar hitchhiker should have is a towel.

That's why those who want to express their gratitude to the author, carry a towel with them on May 25 every year.

**Don't panic and carry a TOWEL !**

*Hands weaving to hands touching...*

Be you, never leave your towel with you !

### TOWEL

- It can protect you from the cold,
- It can keep you dry when you get wet,
- It can be placed wherever you want to sit,
- It can even be draped over you while you sleep.

## 25 MAYIS DÜNYA HAVLU GÜNÜ

İngiliz yazar Douglas Adams'ı anmak için 2001 yılından günümüze, her yıl 25 Mayıs'ta kutlanır.

Douglas Adams, sevilen bilimkurgu serisi Otostopçunun Galaksi Rehberinde, yıldızlararası gezen bir otostopçunun sahip olması gereken en kullanışlı şeyin havlu olduğunu anlatır.

Bu yüzden ki yazara şükranların sunmak isteyenler, minik bir gönderme olarak, her yıl 25 Mayıs'ta yanlarında havlu taşırlar.

**Panik yapma ve bir HAVLU taşı !**

*Dokuyan ellerden, dokunan ellere...*

Siz siz olun asla havlunuzu yanınızdan ayırmayın !

### HAVLU

- Sizi soğuktan koruyabilir,
- Isladığınızda kurumanızı sağlayabilir,
- Oturmak istediğiniz yere serilebilir
- Uyurken üstünüze bile örtülebilir.
